

Type Classification Project

Student:

Pick 3 Serif or Sans-Serif fonts.

Using Illustrator , Fill in the name and classification for each.

Next type a letter in the specific font in the left box.

Print this document and then hand draw a copy of the letter on the right box.

Notice the subtleties of the serifs, the shape of brackets and thickness of strokes.

When you are finished scan this document at 300dpi and save as Lastname_type_classification.pdf
