Zine Project

Create a 1 page 4-panel foldable 'Zine' about the author you chose in the previous project.

*Create a 4-panel template on 8.5x11 inch paper
*Use at least 1 of the designs from your Quote project for the zine. Modify and edit the quote to fit the zine.
*Create three new pages that incorporate other quotes, biographical information or images on the author.

*Use the paragraph settings and experiment with the 5 types of paragraphs- Flush Left, Flush Right, Justified, Centered, Random/Asymmetrical
*Experiment with leading, tracking, kerning
*Experiment with indents
*Experiment with expressive type

*The zine will be printed in black and white.
*Consider color/value choices and readability.

*Create outlines for ALL TYPE.
*Save the project as Lastname_Zine.ai for your records.
*Print in black/white, fold your zine and bring to class.
