

Animatic

Create an animatic based on your storyboard.

The animatic can be any length from 15 seconds to 2 minutes (or more!)

Add sound and sound effects to your animatic.

Methods-

These scenes may be hand drawn with paper and pencil OR you may use digital methods and the wacom tablets.

They do not have to be in color.

Simple Method:

Photoshop - Use Frame animation to make a sequential animation based on your storyboard.

Intermediate Method:

Photoshop - Use Video Timeline mode to make a sequential animation using Keyframes, Fades, Zooms and Sound

Advanced Method:

Photoshop & After Effects - Combine layered files, and multiple videos to create a complex and dynamic animatic

Requirements:

-include Titles and/or End Credits with your Name and Name of your story

-file must be saved in a playable video format - .mp4

-file must be saved Lastname_NameOfStory_.mp4
