

Step 1: Use your chromebook camera to take a selfie.

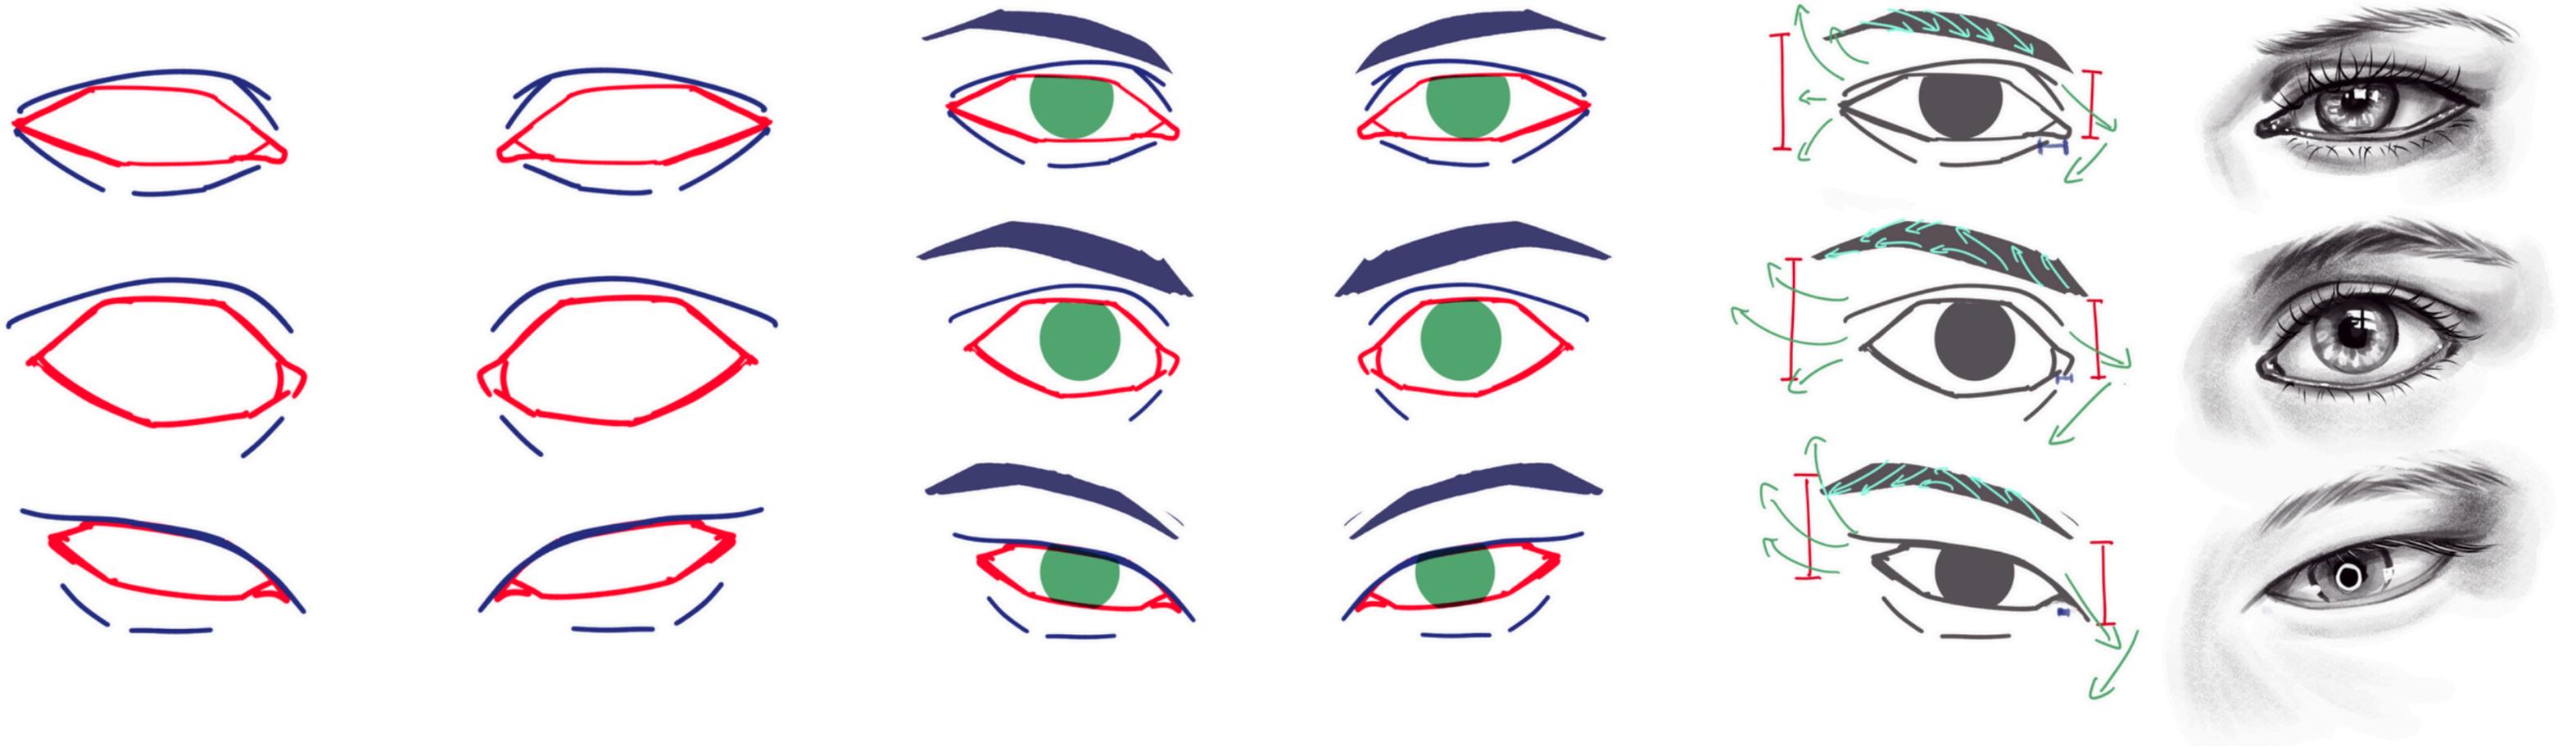

**Step 2: Use Canva to crop and resize your photo.
You only need to see your Eyes, Eyebrows and
the top of your nose.**

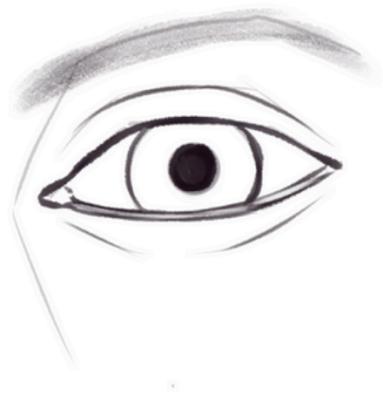

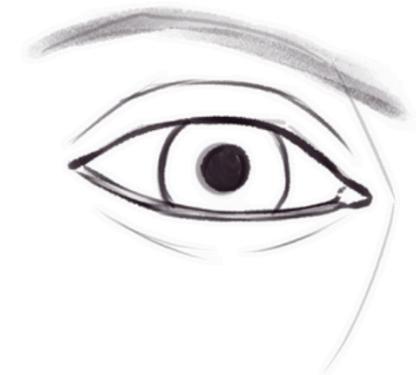

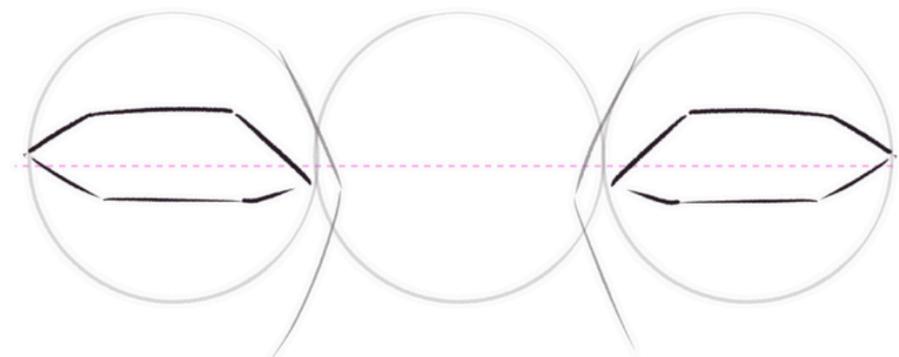

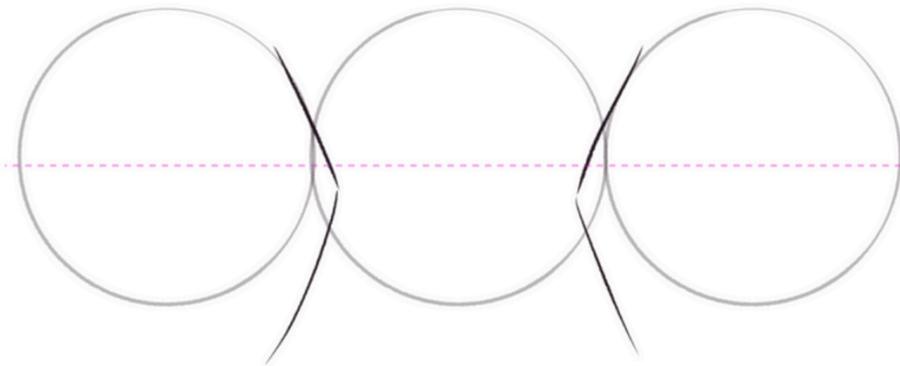

We all have different eye shapes.
Notice the kind of shape your eyes have.

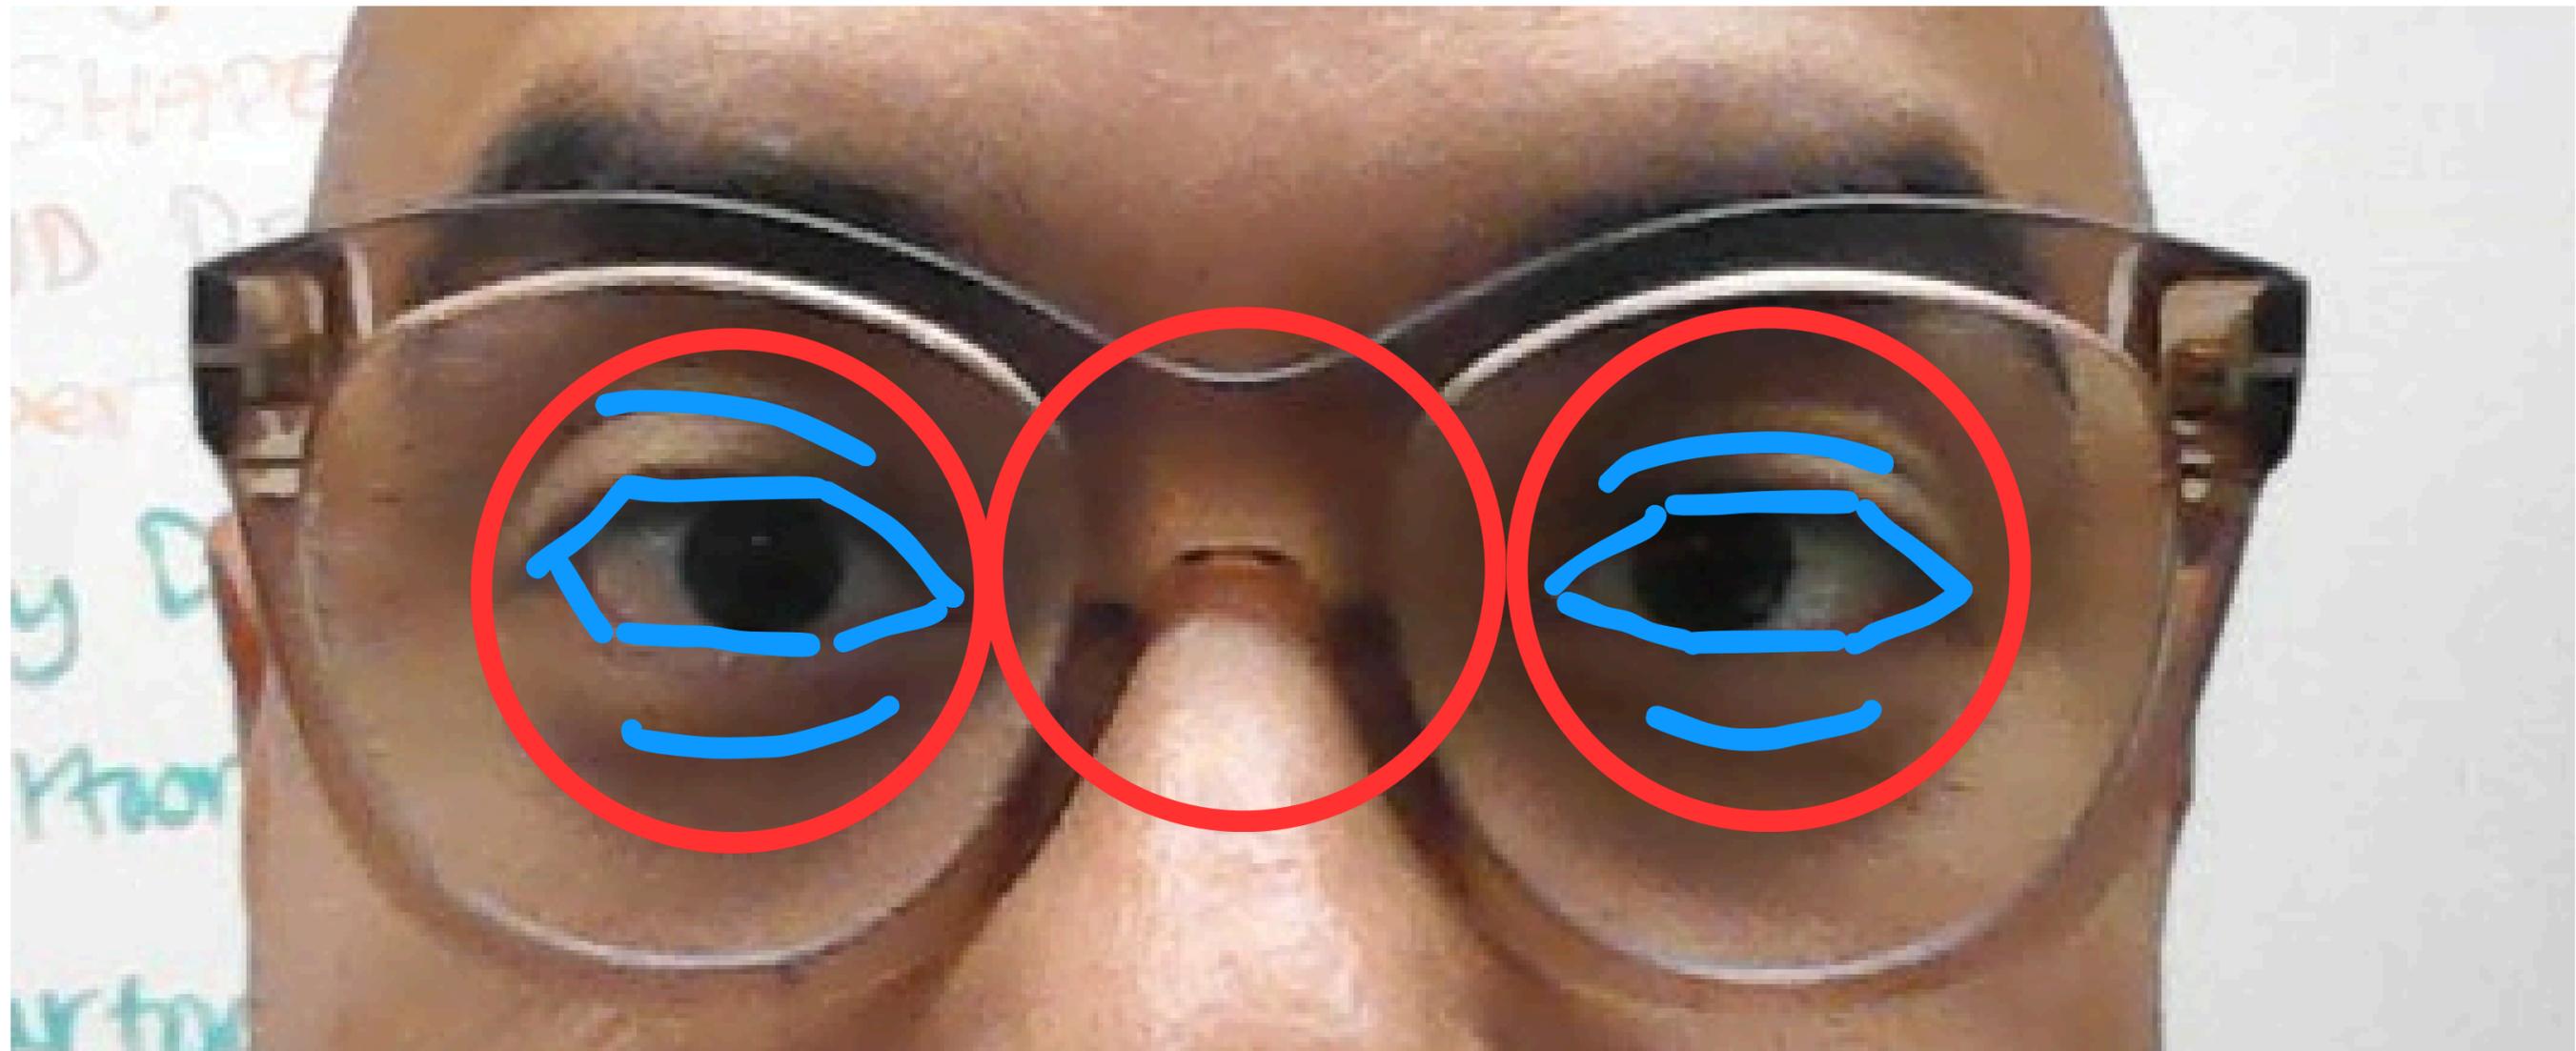

**Look for the basic geometric shapes
in your eyes.**

Step 3: Use the shapes method we used in class to start drawing your eyes. focus on big shapes first!

Step 4: Use the Shapes and Draw tools in Canva to help you plan your drawing.

Step 5: Keep drawing and shading until it looks 'real'!
